The Marketing Department at The Orchard administers the marketing budget for the property. The department's responsibilities include public relations, community relations, advertising, market research, the center's website, special events, merchant relations and sales promotions. Often times, your store will

For a more comprehensive outline of the mall's marketing strategy, activity calendar, and other marketing opportunities please refer to the marketing handbook provided to your store annually or feel free to schedule a meeting with the Marketing Director.

The Orchard's advertising buy is comprised of a strategic, multi-medium mix of social media, magazine, radio and direct mail. Special events and sales promotions are conducted to maximize traffic, sales and buyer conversion. Community partnerships are extensive and may at times include store solicitation of merchandise for silent auctions of area non-profit organizations (though we try to streamline these requests to two or three times a year). Public relations are constant and managed in conjunction with the Landlord's corporate office in Phoenix, Arizona.

Please be advised: If at any time you wish to use The Orchard Logo you must receive prior approval from the Marketing Department.

MERCHANT RESPONSIBILITIES

Merchants are responsible for their own interior security, including shoplifting. Security within the store's premises is the responsibility of each Merchant. The Orchard Security personnel will assist stores with incidents involving minimal bodily injury, store damage, etc.

The Orchard Security is provided to maintain peace and order in the common areas of the Shopping Center. Merchant agrees that it will not keep anything in, upon, or about the premises which will violate Landlord's policies. This insures against loss or damage by fire or other hazards and will assist in insuring that the rate of fire or other insurance will not be increased beyond the minimum rate that would be applicable to the premises for the use or the purposes permitted under the lease.

THE ORCHARD SECURITY STAFF RESPONSIBILITIES

Security Department's responsibilities are:

1. To patrol all common areas, enforce Center regulations, visible presence, and keep a constant watch for persons committing or preparing to commit a crime.

5. To report all occurrences of maintenance operational failures, hazards, or vandalism to The Orchard Management Office.
6. Store managers/employees can request security escort to their vehicles at any time.

Security officers responding to calls regarding shoplifters inside a store will inform the Store Manager to call the Westminster Police Department if an arrest is to be made. (*911 is for emergency use only; dial the **Westminster Police Department at 303.658.4360** for non-emergency matters.*) The Orchard Security Officer will remain in the store as an observer until the police arrive, leaving the investigation to the police officers and store personnel.

AEDs (Automatic External Defibrillators) are available onsite. Due to training restrictions, they must be kept in the security vehicles and in a box located in the public restrooms of buildings B and K at all times. Please contact the Security office if you need assistance.

EMERGENCY PROCEDURES

If you need the Police Department, Fire Department or Emergency Medical Services, call 911 immediately.

If you immediate need assistance from The Orchard Security Officers, use the following procedure:

1. Call 720-926-5062
2. Be prepared to provide the following information:
 - Name
 - Store Name and Phone Number
 - Type of Incident
 - Brief Explanation

1. ONE CALL EMERGENCY SYSTEM

In the case of a center-wide emergency or closure due to extreme weather conditions, threats, or other emergent situations a text or phone call will be sent out via our one-call system. **Store managers and owners must submit emergency contact information to the management office.** Stores are also required to continually update the information with changes in staff. Please email admin-co@vestar.com to receive the emergency contact form.

2. BOMB THREATS

A **bomb threat** is generally defined as a threat, usually verbal or written, to detonate an explosive or incendiary device to cause property damage, death, or injuries, whether or not such a device actually exists.

Bomb threats received by telephone or mail should be immediately reported to The Orchard Management Office and the Security Office. Every effort should be made not to alarm customers or employees unnecessarily. The Security Office and/or the Westminster Fire Department will issue instructions for the proper procedure to follow.

In the event your store receives a bomb threat by telephone, remain calm and make every effort to obtain as much information from the call as possible, such as:

1. Exact location of the bomb.
2. Time set for detonation.
3. Description of explosive or container.
4. Type of explosive.
5. Reason for call or threat

The person receiving the call should also note such details as:

1. Date and time of call.
2. Exact language used.
3. Peculiar or identifiable accent.
4. Estimated age of caller.
5. Background noise such as vehicles, conversation, music, etc.

Every effort shall be made to keep the caller on the telephone as long as possible to obtain maximum information.

IF THE ORCHARD NOTIFIES YOU OF A BOMB THREAT:

- Follow the instructions of the police, The Orchard's staff and your store's policies.
- Depending on the circumstances a detailed search of the store may be requested. Because you and your staff know your store better than the police, you may be asked to assist in the search.
- If any suspicious items are found do not touch them. Notify the police and security.
- Be ready to evacuate if necessary.

3. ACTIVE SHOOTER POLICY

We hope to never deal with an Active Shooter situation, but please familiarize yourself with these safety procedures in case of this highly unlikely emergency.

An Active Shooter is an individual actively engaged in an attempt to kill people in a confined area. Active Shooter situations are often over within 10 to 15 minutes, before law enforcement arrives on the scene, so it is important to be prepared. Always be aware of your environment and nearest exits.

How to respond to an Active Shooter situation:

1. Evacuate
2. Hide Out
3. Once you are safe, call 911

If you are in an enclosed area during an Active Shooter situation, and it is not safe to escape, get into a room and secure the door. If you are in a walkway, and it is not safe to escape, get into a building and secure the door. When you have reached a safe location, call 911. Once in a safe hiding place, silence your cell phone and turn off any source of noise. Remain quiet and hide behind large items, if possible. Do not attempt to move wounded people.

How to respond to an Active Shooter situation:

1. Remain calm
2. Put down any items in your hands
3. Keep your hands visible and follow law enforcement instructions

4. ACCIDENTS, INJURIES AND ILLNESSES

Incidents occurring within the store's premises should be handled in accordance with the procedures established by the store. Incidents occurring within the Common Areas (including The Orchard service areas and parking areas) should be reported to the Security Office **immediately**. Appropriate action will be taken. As a rule, do not attempt to move an injured person.

5. LOST PERSONS

In case a person is reported to you as being lost, notify the Security Office **immediately** at 720-926-5062.

6. FIRE PROTECTION AND PRECAUTIONS

Fire protection and precautions are a joint responsibility of Merchant and Landlord. General rules regarding fire protection and some of the precautions to follow are:

- Merchants will install and maintain any fire extinguishers, apparatus and signs required by Local, State, and Federal regulations and/or the requirements of insurance underwriter.

- Each Merchant must have at least one fire extinguisher that is accessible, and on the premises at all times. **It is to be tested and recharged annually.**
- Sprinkler systems are required by NFP (National Fire Protection) 25 - 5.2.1 to be inspected annually. Alarm devices are to be inspected quarterly per 5.2.6 **Please forward a copy of the test results to the management office.**
- Merchants will comply with all recommendations of any public or private agency having authority over insurance rates with respect to the use or occupancy of the premises.
- Building displays and stocking of merchandise will be done in a manner that will allow at least 18" of clearance from the sprinkler heads, 3' from all electrical panels, and nothing stacked on top of the electrical transformer within the premises according to Fire Codes.
- Housekeeping will be performed in such a way as to promote maximum fire protection.
- Many doors are controlled electronically and may not be blocked or held open.

General Rules to follow in case of fire or smoke:

1. Call 911
2. Call Security at 720-926-5062.
3. Taking the proper safety precautions, utilize all available fire fighting equipment to extinguish the blaze.
4. Direct all customers to immediately leave the premises.
5. Merchants should close their doors before leaving if possible, to prevent smoke or fire from spreading into the center.

7. TORNADOS

GENERAL INFORMATION

Everyone must understand the terminology associated with tornado safety.

Tornado Watch: Weather conditions are considered favorable for tornadoes to form in and near the watch area. These conditions are determined by the National Weather Service which transmits the watch information through weather radio, television, and radio. When a tornado watch has been issued for your area, you should monitor weather radio, local radio or television for additional watches or warnings.

Tornado Warning: A tornado warning means that a tornado has been sighted by the public or local law enforcement; or that Doppler radar has indicated an area of rotation that could develop, or has developed, into a tornado.

Take shelter immediately. Remember that tornadoes can form and move quickly; therefore; there may not be adequate time to issue a warning. If severe thunderstorms occur, be alert to the fact that a thunderstorm could trigger a tornado; and be prepared.

TORNADO PROCEDURES

TORNADO WATCH

Once security has verified that a tornado watch has been issued by the National Weather Service they will notify all the departments, staff, and faculty at the Orchard Town Center. The notification will include the following information/instructions:

- Orchard Town Center is under a **TORNADO WATCH.**
- Time tornado watch expires.
- Normal routine will not be interrupted unless a **TORNADO WARNING** is issued.
- If the weather radio is indicating a tornado warning for Adams County, proceed immediately to nearest designated tornado shelter.

 - 2. Instruct occupants not to leave the building.
 - 3. Provide assistance to persons with disabilities.

- B. Operations personnel will:
 - 1. Make any necessary shut down of any public utilities.
 - 2. Assist security staff with directing patrons to the nearest and safest area.

- C. Patrons will:

 - 2. Take a seat in the area (if seats are not available, calmly remain standing).

REMAIN IN THE AREA UNTIL THE TORNADO WARNING IS OVER. THERE IS NO "ALL CLEAR" SIGNAL GIVEN; THIS INFORMATION WILL BE PROVIDED BY LISTENING TO A RADIO OR TV STATION, OR BY CONTACTING THE SECURITY DEPARTMENT AT 720-926-5062

- D. Persons with a weather alert radio should bring the radio and monitor for the expiration and continuation of the warning.

- E. If you are **in the open**:
 - 1. Attempt to reach shelter, such as a building with a basement or in-between cement walls.
 - 2. If there is no time to escape or find shelter, lie flat in a ditch or depression, avoiding areas subject to rapid water accumulation or flooding in heavy rains.

- F. Trouble areas/places to avoid:
