PROPERTY MANAGEMENT UPDATES

DISCARDING WATER REMINDERS

It has come to our attention that some tenants have been disposing of water by throwing it out their back doors into the common areas and sidewalks. Please discontinue this practice immediately.

When water is discarded in these areas, it creates dirty, sticky residue on the pavement and walkways. This not only affects the appearance of the center but also creates a safety hazard, as customers and guests can slip and fall.

We ask that all tenants ensure proper disposal of water inside your suites and keep the back-door areas clean, dry, and free of any debris at all times.

Thank you for your cooperation in helping us maintain a safe and pleasant environment for everyone.
