First Security Forum

The Orchard Town Center Management team is excited to kick off our first Safety Forum, the beginning of a new, ongoing series designed to bring our tenant community together around topics that matter to our businesses. Each session will feature speakers and experts from the community discussing emerging local trends and best practices for staying safe, aware, and prepared.

Join us on February 24 at 2:00 pm for an informal but informative conversation with local law enforcement focused on current trends in retail disruption as well as practical, real-world tips for keeping your business and employees safe.

Our first forum will feature Detective Jason Cirbo, recipient of the 2025 Employee of the Year Award from the Westminster Citizen Police Academy Alumni Association. Detective Cirbo will share insights from his experience and help set the tone for future Safety Forums as we continue building this series together.

This forum is meant to be collaborative and conversational. Our goal is to provide an opportunity to ask questions, share concerns, and strengthen connections between tenants and our local partners, all while working toward a safe and welcoming environment for everyone. Please use button below to indicate your interest in participating so that we can get an accurate headcount. Once we know how many participants to expect, we will update you with the location.
